

SOLAR 3-IN-1 LIGHT HANGING/TABLE/SPIKE - SELL IN PDQ OF 12

This 3-in-1 light is a must-have in the novelty category. Made of stainless steel, it comes with an LED integrated lamp shade and stands at 400mm height with a diameter of 90mm. The cool white colour temperature of 4000k adds to its charm. It can be used as a hanging, table or spike light and is fast & easy to instal without any wiring required. The eco-friendly light charges in 8-10 hours and has a battery life of more than 6 hours. The solar panel is amorphous and the on/off switch makes it convenient to use. Lights turn on automatically when dark, making it perfect for outdoor use.
